# A Home Bank in ROCKY MOUNT

## Directed by Local Men

This unit of the North Carolina Bank and Trust Company is distinctly a local bank. The local directors are men who know the community and its people, who are well known by the people of the community, and who appreciate and understand the problems of local life and the needs of years of local experience.

In addition, this unit has

- (1) It has the powerful backing of the parent company, which has capital, surplus and undivided profits of over \$1,000,000.
- (2) It has the guidance of the executive staff composed of men who have been prominent in the community, whose direction is in accordance with the principles and the soundest business judgment.

As always, we welcome you  
and cordially

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

# Introduction

---

Hill Directory Co., Inc., publishers of the Rocky Mount Directory, present to subscribers and the general public this, the 1930 edition of the Rocky Mount Directory.

Confidence in the growth of Rocky Mount's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable place occupied by Hill's directories in offices, stores, libraries and homes throughout the country has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user and that the Rocky Mount Directory will fulfill its mission as a source of authentic information pertaining to the community.

## FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE, pages 21 to 52, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Rocky Mount. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and as such merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Rocky Mount, the necessity of having this kind of information immediately available is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 53 to 338. (A new feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.)

THE DIRECTORY OF HOUSEHOLDERS, including Street and Avenue Guide, covers pages 341 to 408. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 409 to 454. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between buyer and seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

### COMMUNITY PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Rocky Mount, for business men everywhere realize that the city directory represents a community as it really is.

### THE ROCKY MOUNT DIRECTORY LIBRARY

Through the courtesy of the publishers of the Rocky Mount City Directory a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of nearly 500 Directories Library installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., INC.,  
Publishers.

## Statistical Information

*(Furnished by Chamber of Commerce)*

Name of city—Rocky Mount, N. C.

Slogan or sub-phrase—"The Gateway City."

Form of government—Council-Manager.

Population—Local estimate, 25,000.

White population of age—Males, females, 65%.

Total colored population—35%.

Native-born population is 99% of whole population.

Predominating nationalities in city are American.

Area—4½ square miles.

Altitude—105 feet.

Average temperature—60.8.

Parks—2.

Assessed valuation—\$22,000,000.00.

City's bonded debt is \$1,753,398.00.

Financial—1 National bank, 1 bank and trust company, 2 industrial banks, with total deposits of \$9,000,000.00; resources, \$10,500,000.00, and clearings of \$127,000,000.00.

Post-office receipts of \$73,027.17.

Telephones in service—3,500.

Building and construction—Value of building permits, \$635,160.00.

Industry—Number of establishments, 30, employing 4,500 men and 500 women, paying wages \$6,000,000.00 annually and having products valued at \$26,000,000.00 annually.

Trade—Territory (retail) serves 250,000 people within the trading area covering a radius of 60 miles. Jobbing territory serves 200,000 people within a radius of 120 miles.

Principal products—Tobacco, cotton, corn.

Newspapers—1 daily paper, "The Evening Telegram."

Hotels—There are 2 hotels, with total of 250 rooms.

City served by 1 railroad, as follows: Atlantic Coast Line.

Amusements—There are 4 theatres, with a total seating capacity of 2,200 persons. Largest theatre or auditorium seats 900 persons.

Hospitals—3, with 215 beds.

Education—Number of schools, 9, including 2 high schools. Num-

ber of pupils in public schools, 4,268. Value of all school property, private and public, approximately \$580,000.00.

Libraries—1, with 6,783 volumes.

City statistics—Total street mileage, 90, with 14 miles paved. Miles of gas mains laid, 40; of sewers, 35. Capacity of water works, daily average pump of 4,000,000 gallons, with 36 miles of mains and value of plant estimated at \$500,000.00. Fire department employs 6 men with following equipment: 2 autos, 3 engines, 1 hose and chemical wagon, in 2 station houses. Police department has 18 men with 1 station and 4 pieces of motor equipment.

---

## Rocky Mount's Forward March

---

Rocky Mount was incorporated as a town in 1867 and as a city in 1907. Its growth has been phenomenal. In 1890 the town was credited with 850 people. Ten years later, in 1900, the United States Census gave it a population of 2,938; in 1910, a population of 8,051; in 1920, 12,742; and a conservative estimate of the present population is approximately 25,000.

Located at the gateway point of one of the most prosperous sections of the State and with a network of highways and railway connections to strengthen its geographical assets, it is recognized as eastern North Carolina's foremost jobbing and distributing center. The Atlantic Coast Line Railroad maintains one of its largest shops and its first division headquarters here.

Situated in the heart of a rich agricultural district, the city is logically a marketing center for farm products. During the tobacco season just closed there was sold on the Rocky Mount market more than 42,307,000 pounds of bright leaf tobacco, and there is usually sold around 12,000 bales of cotton on the cotton market each year. In addition to the tobacco and cotton markets, there has recently been organized by the Chamber of Commerce a farmers' mutual exchange, which employs a marketing specialist to look after the marketing of livestock, poultry, fruits and vegetables for the farmers of the community.

The industrial development is merged with the distribution of farm products. The city has seven tobacco factories and re-drying plants, a cotton mill, a mattress factory, two fertilizer

factories, a cordage factory and several wood working plants. In addition to these, the Atlantic Coast Line shops employ about 2,000 workers. There are at present around 5,000 industrial workers employed in the city, with a payroll of more than \$6,000,000 per year.

Rocky Mount is situated 120 miles south of Richmond, Va., 120 miles southwest of Norfolk, Va., and 120 miles northwest of Wilmington, N. C. It is situated on North Carolina Highway Route No. 40, running north and south, and on State Highway Route No. 90, running east and west. Incidentally, Route No. 40 is an important link in the South Atlantic Coastal Highway, running from Maine to Florida.

### EAGLE AIRPORT

Eagle Airport is located one mile north of the city on Highway No. 40 and along the main line of the Atlantic Coast Line Railroad. The field has been leveled off to permit planes landing from most any direction. The longest runway is approximately 2,000 feet in length. This runway lies along the route of the most prevailing wind in the summer months. Shortest runway is about 1,200 feet. We have an open clearance around this field of approximately one-half mile, with the exception of a tree now and then, but these do not interfere with landings or take-offs. East side of the field is bordered by State Highway No. 40 and a heavy line of telegraph wires, but this seldom interferes with landing. The soil is of a sandy nature with natural drainage. Our field is marked with a seventy-five-foot white circle with a three-foot border. Gas and water on the field. Eagle Airplane Company, owners.

### THE CITY'S HIGH LIGHTS

Rocky Mount has a temperate climate. The average temperature is 60.8. Rocky Mount, from a health standpoint, is ideal. Records show that there have been no epidemics, and there has been only one case of typhoid fever in the city of Rocky Mount during the last five years. The water supply is pure; the milk supply has passed every test and received commendation from every source of inspection. The city has all modern sanitary regulations with health officers empowered to enforce them.

The city of Rocky Mount owns its public utilities. The water plant is modern in every respect. The plant has a daily pump-

ing capacity of 4,000,000 gallons with the regular filters, chlorinators and alum feeding devices.

Rocky Mount boasts of one of the most modern and up-to-date gas plants in the entire South. National periodicals have prominently mentioned this plant as a model for any municipality anticipating the building of a gas plant. A network of piping and equipment has been worked out and, when completed, will mean an even and full pressure at all times and at any place served. The operating expense has been reduced to a minimum and at the same time assures a maximum working efficiency. Ably managed and well financed, it is considered one of the most profitable properties of the city and, year after year, a neat sum is derived from this source. It represents the first municipally-owned gas plant in the State.

Rocky Mount has a new \$1,000,000 power plant situated on the banks of the historic Tar River. This power plant was designed and built on the unit system providing for three times the k. w. capacity as that now being used. In this way the future needs of the city are handsomely taken care of. Lowest rates in the State and a maximum of power are attracting the attention of users of this power for industrial purposes and a great industrial growth is anticipated. Additional power from privately owned concerns is also available in Rocky Mount and the immediate vicinity.

There is one white high school and five grammar schools, one colored high school and two grammar schools.

There are thirty-two (32) churches in Rocky Mount, seventeen (17) white and fifteen (15) colored.

Rocky Mount has gone beyond its duty in providing playgrounds and playground equipment for its children. It has handsomely provided for the child's amusement by operating, municipally, two parks, three groups of tennis courts, one swimming pool, four playgrounds—one playground for colored people (the only municipally owned colored playground in the State). All of these grounds are carefully looked after by a park committee.

The beauty of Riverside Park attracts thousands of visitors yearly and, during the warm summer months, picnickers find it an ideal spot for their outings. It borders on the historic Tar

River and the rocky mound from whence Rocky Mount gets its name is in the center of the park. A Confederate monument to the Bethel heroes greets the visitor at the southern entrance and the driveway winds along the banks of Tar River, across which is located the first cotton mill ever operated in the State of North Carolina.

Braswell Park is unusually well located, being nearer the central part of the city than any of the other parks or playgrounds. A wealth of playground equipment is found here. The playground is situated between Park View Hospital, the public library, the municipal tennis courts and the Memorial swimming pool—a cool spot and a delight to the children and nurses during the warm summer days.

The only eighteen-hole golf course in northeastern North Carolina is situated in Rocky Mount at the Benvenue Country Club. This course is well laid out, affording the golfer enough of the uncertainties of the game to make the sport interesting and fascinating. The club house is a handsome structure costing, approximately, \$45,000. Life membership and year memberships are obtainable by desirable persons and, in fact, the club is handsomely supported by a membership that is representative of the best citizens. An all-time golf professional has charge of the links and golf store rooms and lockers. Visitors are always welcome to the club. Rocky Mount is also represented in the Eastern Carolina Golf Association, some of its main officers making their homes here.

The rapid growth of the city is easily seen by a visit to suburban Rocky Mount, where handsome homes are continually being built in developments both to the east and west of the original residential section. All recent developments have been taken into and made a part of the city and are served with all modern conveniences. Some of these developments, six years ago, were farm and wooded lands, while to-day they represent the zenith of modern home architecture.

Apartment houses of the two and four-apartment type are rapidly being built and, for the family that prefers this mode of living, these apartment houses are so placed as to make them easily accessible to the business district and other industrial plants and enterprises.

Rocky Mount has the usual fraternal orders, namely: Masonic,

Knights of Pythias, Odd Fellows, Junior Order of American Mechanics, Red Men. There are four civic organizations: Rotary Club, Kiwanis Club, Civitan Club, American Business Club; a Merchants Association and a Chamber of Commerce.

Rocky Mount's steady growth has made it necessary for a definite policy of fire department extension and Fire Station No. 2, with standard equipment, has recently been completed and is now a part of the fire department equipment of the city. The rigid restrictions on buildings in the fire district, which comprises the entire business part of the city, has, it is believed, been directly responsible for the lack of large fires in recent years, and a big loss by fire is, so far, unknown to the city. Rocky Mount, during the year 1927, had the lowest fire loss of any of the large cities of the State. This record bears directly on the insurance rates as paid by the owners of buildings and homes in Rocky Mount.

Three modern hospitals are on the accredited list of the American College of Surgeons and have on their staffs surgeons of wide reputation. Specialists for practically all diseases also make these hospitals their headquarters, and patients from a wide area come here for treatment.

Two of these hospitals have modern training schools for nurses, and their graduates are accepted by all practicing physicians and surgeons. The other hospital, the Division Hospital for the Atlantic Coast Line, employs only registered nurses.

To prospective homeseekers and individual citizens Rocky Mount offers every factor which makes for happiness and ideal home conditions.

## MANUFACTURERS, INDUSTRY AND TRADE

For manufacturers, Rocky Mount offers many inducements, among which are the source and supply of labor. The surplus of female labor in the Rocky Mount district is an inducement to new industries. There is also a surplus of male labor, both white and colored. There are no labor troubles in Rocky Mount and, with the exception of the railroad strike in 1922, strikes are practically unknown. The small percentage of foreign-born (less than 1%) insures English-speaking labor for all classes. It follows that this labor is not contaminated by foreign elements that promote un-

rest, and that one language makes it possible to forestall labor trouble. Loyalty is typical of this class of labor.

The assessed valuation of all property, both real and personal, is around \$22,000,000; the total bonded indebtedness around \$1,750,000; and the net bonded indebtedness around \$278,000.

The city government is on the council-manager plan, and the business of the city is handled in a most business-like manner.

There are three National banks in Rocky Mount and two State bank and trust companies, with total resources of over \$12,000,000, together with two industrial banks, five building and loan associations and two fire insurance companies.

Rocky Mount has two hundred and nine (209) retail stores classified as follows: Art Goods and Novelties, Books, Bicycles, Meats, Cigars, Clothing, Candy, Flowers, Department, Drugs, General, Sporting Goods, Furniture, Groceries, Hardware, Five, Ten and Twenty-five Cent Stores, Jewelry, Shoes, Men's Furnishings, Ladies' Ready-to-Wear and Millinery.

The city boasts of one of the best daily newspapers in the State, The Evening Telegram. This paper enjoys a large circulation and is a member of the Associated Press.

Rocky Mount is a shopping center of a large area, embracing a radius of 50 to 75 miles. In addition to the retail stores, there are numerous wholesale houses, handling groceries, fruit and produce, hardware and notions. The city enjoys the reputation of being the jobbing center of a large territory. Situated as it is, in the hub of a fast developing section, Rocky Mount has the natural advantages that attract people in all lines of business. It is, truly, the marketing and shopping center of eastern North Carolina.

## THE CHAMBER OF COMMERCE

The membership of the Chamber of Commerce is made up of the business and professional men of Rocky Mount and the farmers and growers of this section, who are not only interested in the work but enter actively into the problems and tasks confronting the association. It is divided into departments, industrial, agricultural, educational, civic, commercial and publicity—all departments function and are headed by committees of able men.

The influence of this body has been largely responsible for the many developments of the city and, in every progressive movement, the Chamber of Commerce is found using its agencies to the help of the best interests of the community.

The management of the association is in the hands of a board of directors who employ an all-time executive secretary.

## BANKS

# A Home Bank in ROCKY MOUNT

## Directed by Local Men

This unit of the North Carolina Bank and Trust Company is distinctly a local bank. The local directors are men who know the community and its people, who are well known by the people of the community, and who appreciate and understand the problems of local business men through years of local experience.

In addition, this unit has these important advantages:

- (1) It has the powerful backing of the entire institution which has capital, surplus and undivided profits of \$4,400,000.
- (2) It has the guidance of the general board of directors and executive staff composed of men of standing and reputation who have been prominent in the two Carolinas for years and whose direction is in accordance with the best business principles and the soundest banking practice.

As always, we welcome old friends  
and cordially invite new ones

NATIONAL ADVERTISING

# City Directory Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping some one to find it.

---

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

---

DON'T look mad when a customer asks to look at your Directory.

---

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

---

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

---

DON'T forget that a Directory borrower to-day will forget to return it to-morrow and you will call him what?

---

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

MORE GOODS  
ARE BOUGHT AND SOLD  
THROUGH THE  
CLASSIFIED BUSINESS LISTS  
OF THE  
DIRECTORY,  
THAN

# Advertising Rocky Mount

Do you know that a copy of this Directory of Rocky Mount is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a creditable representative of Rocky Mount.

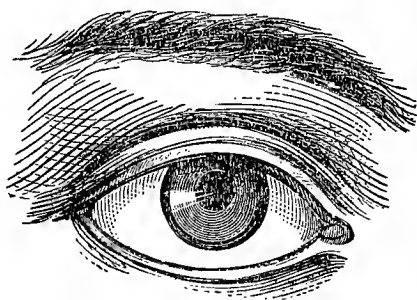

**Are you doing your share?**

**Hill Directory Co., Inc.**

PUBLISHERS

8 North Sixth Street (4th floor), RICHMOND, VA.

The EYE is seventeen times stronger than the EAR.

Research has proven that impressions received through the eye are seventeen times more effective than those received through the ear.

Your advertisement in the City Directory reaches the vision of your prospects all over the city 365 days in the year, because some one is using it every hour in the day.

ROCKY MOUNT HOUSEHOLDERS' DIRECTORY (1930) 341

## HILL'S Rocky Mount Directory of Householders Occupants of Office Buildings, and Other Business Places INCLUDING A COMPLETE Street and Avenue Guide 1930

Copyright, 1930, by Hill Directory Co., Inc.

The named streets are arranged in alphabetical order, followed by the numbered streets in numerical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

\*\*\* between two intersecting streets designate there are no houses between them. (c) denotes colored.

# Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

**Advertising** is the foundation upon which successful businesses are built. You must apply this to your own particular business.

**Advertising** is the power of an idea multiplied.

## RATES UPON APPLICATION

---

No other service compares with City Directory service

---

# HILL DIRECTORY CO., Inc.

PUBLISHERS

8 North Sixth St. (4th floor)

RICHMOND, VA.

# You An Advertiser

In this Directory profit by increased distribution which your advertisement and Classified References receive through the Directory Library Plan, which places this Directory throughout the country to direct those seeking information. In other words, it *nationalizes* a service which formerly was only local in its scope.

USE

## Hill's Directory Library

Chamber of Commerce,

119 North Wahington

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found; and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

## Association of North American Directory Publishers

524 Broadway

New York City

# The Evening Telegram

*The Home Newspaper*

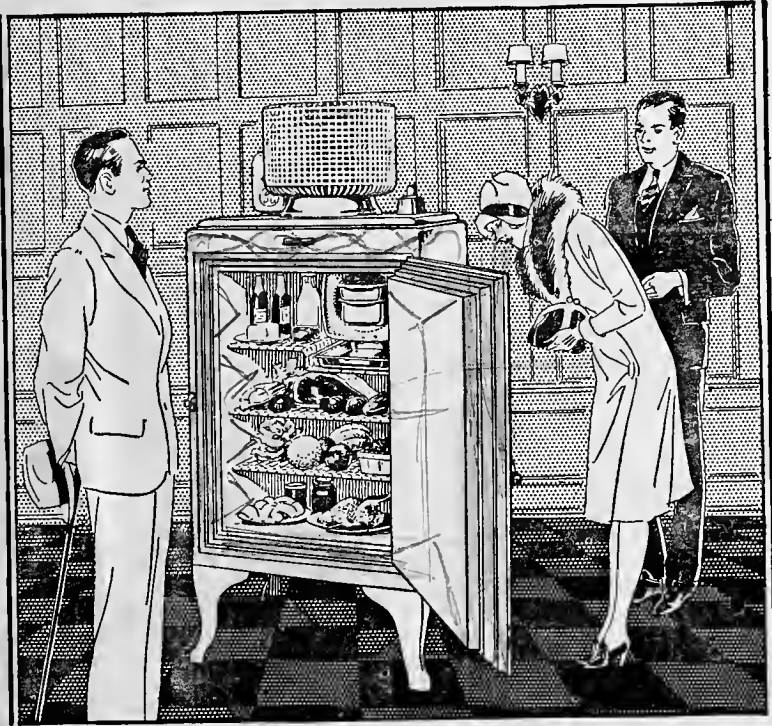

The proof of reader interest and reader confidence in the Telegram is found in the fact that the Telegram has more city circulation than there are residential water meters.

Nearly Every Home  
in Rocky Mount  
Reads  
The Telegram

*"Carolina's Fastest Growing Newspaper"*

Advertising in the Telegram sells the goods, for it covers Rocky Mount and its trading area completely—that's why.
